IHM CORE VALUES (ADULT EDUCATION)

MR. VISHAL SUVARNA, ASST. LECTURER

Intelligence plus experience creates ideas, and experimentation with that form of chemistry-the contact of ideas with events-is the field of adult education.

The Teacher who truly cares is the Teacher who fearlessly stares any student dead in their eyes while telling them, "You are better... you can do better... and you will do better. I will believe in you for you. Now, let's achieve your better together!"

2. Adult orientation to learning is life- or work-centered.
3. Experience is the richest resource for adult learning.
4. Adults have a deep need to be self-directing.
5. Individual differences among adult learners increase with age and experience.
